

TECHNICAL DATA SHEET

CLIMB-IT® FOLDING TELESCOPIC LARGE PLATFORM STEPS WITH SAFETY GATE

DESCRIPTION

This Telescopic Stepladder comes with strong safety gates that keep the user confined in their working space. With having telescopic legs, as shown in the image, the unit can be used on stairs. It meets the rigorous standards of EN 131 Professional, ensuring reliability and safety. The unit's non-slip aluminium platform ensures the user is kept safe and gripped, especially when working at height.

FEATURES

- ✓ Telescopic legs allowing the steps to be used on stairs
- ✓ Extendible locking stabilisers for safety when working at height
- ✓ Non-slip aluminium platform (510 x 560mm) with kick board
- ✓ Fully enclosed platform with spring gates
- ✓ Wheels attached, as standard, providing mobility without needing to lift
