

# CLIMB-IT® TELESCOPIC LADDER WITH STABILISER

**3**DAY  
DELIVERY

## DESCRIPTION

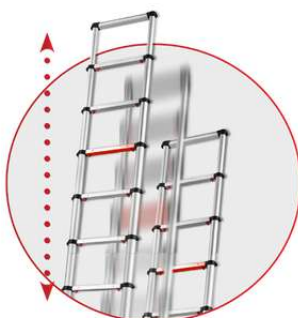

Our Climb-It® telescopic ladder with stabiliser is a versatile and safe solution for reaching high places with stability and ease. It features a collapsible design that allows it to extend to various heights. The telescopic mechanism enables easy adjustment of the ladder's height to suit different tasks and spaces.

## FEATURES

- ✓ Certified to EN 131 standard
- ✓ To open the unit lift from any step dependent on the height you are trying to achieve. The step can be adjusted all in one go or step by step to suit your requirements
- ✓ Folds quickly & easily for compact storage
- ✓ Controlled retraction to guard against trapped fingers
- ✓ One time release locking mechanism
- ✓ Manufactured in strong aluminium. For safe use, do not stand on or above the red rung

Simply push the buttons to close

Unit has a flange in the legs which restricts air flow and therefore gives controlled retraction to compact the unit smoothly from 3810mm to 910mm
